## English version

*Another talk I have is this. You Dem there (In Bina) who have put your faith in Yagwe, trust him. Yagwe has not forgotten (abandoned) you. He loves you so much. You also are now my family and I want to be there with you but right now I can't.*

*You have heard the heavy talk. (regarding being separated from Yagwe because of sin) But you also have heard the very good talk. Which is, Jesus has come, and saved/rescued you out of Satan's hand. He saw your sins and rescued you. He rescued you, and took your soul and rejoined it with Him. You were enemies with Yagwe, but those of you who have believed the talk about what Jesus did for you, and if you put your faith in Him, trust Yagwe has saved you and reconnected your soul that because of sin was disconnected.*

*Yagwe for all of you has already paid a very big price, and because of that we can say, "Thank you!" He has saved us/you and so we can say "Thank you."*

*That's it. My talk is over. My friends, by little siblings, my older siblings (my brothers and sisters) greetings. Really take hold/grab ahold of Yagwe's talk.*
